

TRADEMARKS AND BRANDS APPROVED NOUNS LIST

Trademark	Approved Nouns
AudioDJ®	audio control technology, IC, integrated circuit, mark, name, technology, trademark
Battery Crisis Management®	battery charging technology, integrated circuit, IC, power management technology, mark, name, technology, trademark
Breathing Life Into Mobility®	family of products, integrated circuit, IC, technologies, mark, name, trademark
DigitalLaserTrim™	current trimming technology, integrated circuit, IC, mark, name, operating system, program, reference signal trimming technology, technology, trademark, voltage trimming technology,
IntelligentDJ®	audio control technology, audio recording technology, integrated circuit, IC, mark, name, recording reproduction technology, technology, trademark
Intelligent Inverter®	display technology, integrated circuit, IC, mark, name, technology, trademark
O ₂ Micro® (text and logo)	family of products, integrated circuit, IC, mark, name, trademark
O ₂ Micro Smart Card Enabled® (logo)	card bus control technology, card reader technology, integrated circuit, IC, mark, name, smart card control technology, technology, trademark
Phase-on-Demand™	display technology, integrated circuit, IC, inverter technology, mark, name, technology, trademark
PO ₂ WER®	audio control technology, audio recording technology, card bus control technology, card reader technology display technology, integrated circuit, IC, inverter technology mark, name, power control technology, power conversion technology, power management technology, recording reproduction technology, trademark, wireless transmission technology
S.A.F.E. TECHNOLOGY®	integrated circuit, IC, mark, name, power management technology, technology, trademark
SmartCardBus®	integrated circuit, IC, mark, name, PC card controller, smart card controller, smart card control technology, technology, trademark
SmartCardSensing®	integrated circuit, IC, mark, name, PC card controller, smart card controller, smart card control technology, technology, trademark
SuperDJ®	audio control technology, audio file technology, file storage technology, integrated circuit, IC, mark, name, playback technology, program, software, system, technology, trademark
Ultra Efficient®	display technology, integrated circuit, IC, inverter technology, mark, name, technology, trademark
